♥ Happy Valentines Day ♥

The Prez Sez

“Happy Valentine’s Day”

I hope everyone is drawing to their heart's content. We get to experience another beautiful Annual Award Show here in the Taylor Gallery at the Pacific Beach Library. We are a lucky group!! Not only do we have a chapter but we have an annual show with cash prizes!! Not every colored pencil artist gets these resources.

My dear members, I am concerned. In order for our chapter to continue... WE NEED MORE MEMBERS!! Please do your part by inviting folks to come and give us a try for FREE! We have two open positions on the board, secretary and newsletter editor. If you want this chapter to continue please consider filling one of these positions. We will hang on as long as possible, but as a chapter we are struggling. Your support is desperately needed. Two people cannot fill all these positions. HELP!!!

Looking forward to Judy's Mini Workshop. Come and support her and grow your colored pencil knowledge.

*Keep on penciling,
Karen*

Mounting Your Artwork Using Acid-Free Products

When framing your artwork, you must have a method of “adhering” your art using **acid free** products. I have always preferred the Lineco products. It has been an enlightening process in this search, from all three sites [Dick Blick & Jerry's Artarama](#) and our local [Artist & Craftsman](#) website.

Dick Blick & Jerry's Artarama carry the following “acid free” products:

- a. [Lineco](#) products: Framer's tape (1" or 2"), clear, “Pro” Artist's Tape several widths, pre-glued tape/cloth, and acid-free liquid adhesives.

Artist's & Craftsman online or visiting San Diego location:

- a. A full line of Lineco products.

Until next month,
Bobbie

Sharing Session...

The most popular segment of our meeting. We can all learn from each other during this exciting time. Also, a excellent chance to get feedback, solutions and ideas from others!
